

## Matt Powers: Regenerative Soil - The Science & Solutions

**DATE:** Monday, January 11th, 2021 **TIME:** 6 p.m. CST **LOCATION:** Online

We will be starting the year off in the soil with author, educator, seed saver, and gardener, [Matt Powers](#). His talk will dig into his new, comprehensive book on the most important aspect of organic gardening, [Soil Regeneration](#). Soil is the lynchpin to life as we know it. It's where carbon is stored, where all life comes from and returns, and it's also the living foundation for all life on land and sea. If we want to restore our environment, economy, and health FAST, we have to work with soil and not just in one area, but in ALL areas. Matt will inspire you to make SOIL an even more permanent part of our culture.

*All of our events are FREE and we are always looking for new members to help us support our mission. Visit [AustinOrganicGardeners.org](https://austinorganicgardeners.org) to become a member of the oldest organic garden club in America. Memberships are only \$10 a year and 100% of dues go to the Zilker Botanical Garden.*

**Follow us online for event links and more!**

The City of Austin is proud to comply with the Americans with Disabilities Act. If you require assistance for participation in our programs or use of our facilities, please call (512) 974 - 3914
