Conservancy Board of Directors and Committees - service related to duties and responsibilities as an ZBGC Board member, including attending meetings, or service on a ZBGC committee, i.e. Development, Programming, for ZBGC Board members and non-members

AAGC Education and Publicity for Club-sponsored speakers, meetings and events - time spent arranging speakers for monthly meetings, speakers bureau, community event or for a club show or sale where education occurs; hours for a club member who is the speaker to prepare and present the educational program; time spent on publicity to promote the education in newsletters, flyers, news releases and articles, and on club and/or ZBG website and social media and Garden Happenings; social media education including live demos and videos in the garden

AAGC Board of Directors and Executive Committee - service related to duties and responsibilities as an AAGC Board member and/or Club Rep, including completing required reports and forms, such as volunteer reports and 15% net profit for applicable events; attending Board of Directors meetings as required; service on AAGC Executive Committee or ad hoc committees such as Nominations. Tasks related to creating or publicizing club educational programming should be logged under AAGC Education and Publicity.

Club Shows and Sales - time spent planning, organizing, preparing publicity for the show, sale or garden expo, set up/tear down for a show or sale, and working the event.(Time spent on workshops held during the event are in **AAGC Education and Publicity**.)

Club Board of Directors and Committees - time spent fulfilling duties and responsibilities as member of your Club's Board of Directors or committee, unless activity falls under another specific category. For example, arranging speakers and promoting the program falls under **AAGC Education and Publicity**; planning a plant sale or show should be under Club Shows and Sales.

Club Education, Activities and Events - this category is for those club-sponsored events that are for members only and thus cannot count towards AAGC service to ZBG because they are not open to the public. They are important club efforts to record as part of club volunteer tracking, so include time spent on club member-only activities such as a culinary study group, field trip, member garden tour. AAGC will maintain records submitted by clubs.

Club Horticulture - this category is for horticulture done somewhere other than Zilker Botanical Garden by a club member, and cannot be counted towards AAGC service to ZBG because work must be done **in the garden**. Horticulture by club members is important to record as a club activity and time may include propagating seeds for future use at ZBG, or maintaining a club collection that will be exhibited at ZBG, such as bonsai, growing plants or gathering specimens for a club sale or show, or providing seedlings to schools through your club's community outreach service. AAGC will maintain records submitted by clubs.
