Le Dîner en Blanc originally launched in Paris in 1988 by François Pasquier and a handful of friends with the idea to gather friends for a picnic. As the number of guests grew each year, he decided to hold the dinner in a public space and ask everyone to dress in all white to easily recognize one another. It has grown to be celebrated in many countries across the world.

The purpose of Dîner en Blanc is to celebrate good food, and good friends in the outdoors. It encourages self expression, playfulness and community.

This year, the Conservancy brings Dinner in White to the Zilker Botanical Gardens in support of our mission to cultivate community and foster life-long learning that inspires an appreciation of the botanical world.

returning as co-chairs for the Dîner En  
Blanc benefitting our iconic Zilker Botanical  
Garden.

Please join us in our most crucial fundraiser  
to ensure we are continuing to inspire  
future generations with educational  
programs, preserve the Garden's natural  
beauty and historical treasures, and  
support vital conservation efforts and  
community events.

Make your impact to support our mission  
to cultivate community and foster life-long
